SARI WE MISSED YOU!

One memorable Thursday last September I got home to find one of those cards you get from the postman when they try to deliver a parcel when you are out. I picked it up and saw he'd left the parcel with our next door neighbours.

At first I didn't think anything of it, but then I realised the Indian family next door, who were very polite and respectful were holding a parcel containing a few racy toys and outfits. 'Oops,' I thought, but as it was quite late in the evening and they have youngish children I decided I would wait till the next door and collect it from them, hoping there was no obvious sign of what was inside!

On the Friday, I nipped next door mid morning to collect the parcel, thinking how timely its arrival was, particularly as a particular lady friend had already promised to wear the outfits over the weekend. I rang the bell and was surprised when the door was opened by a girl I hadn't seen before.

Well when I say surprised I literally gasped, as the girl was incredibly pretty and to make it worse I wasn't wearing any boxers under my track suit bottoms, and I could feel my dick instantly stir as I looked at her, mouth open.

She was in her early twenties, with jet black hair that was up held in place by a very pretty head piece. Her face was perfectly made up, her light brown skin complimented by pink and sparkly make-up, particularly around her big brown eyes with a dark pink lipstick. She was wearing a pink sari that exposed her perfectly flat stomach with a diamond stud in her belly button, and had one shoulder was exposed. "Can I help?" she asked, and I explained that I was from next door and was collecting a parcel. She didn't seem to know much about it as she said, "Oh well, come in and I will find out from my aunt where it is."

> "I watched her walk with a lovely sway, the sari pulled tight across her very cute bum"

She turned and I watched her walk with a lovely little sway, the sari pulled tight across her very cute bum. I followed her down the hall towards the kitchen.

I could see the bulge in my trackies and I tried to think of something else so I did not walk into the kitchen with a hard-on. It didn't work, but her aunt wasn't there anyway.

"I was just making tea," the gorgeous stranger said. "Would you like a cup while I text my aunt to see where your parcel is?"

"That would be lovely," I replied, watching her text away on her phone, as I sat on a stool at the breakfast bar.

She introduced herself as Aesha as she gave me the tea and we chatted waiting for her aunt to reply, although of course I was in no rush. She was visiting her aunt from Paris where she was studying. She was twenty and said it was her first UK visit although she spoke near perfect English. She was staying another two days but planning to come back for longer next year. She was very chatty and I was happy to let her talk away, just enjoying being in her company.

All too quickly her phone went and her aunt told her the parcel was in the under stairs cupboard. She went off and came back putting the parcel on the kitchen table. I blushed a little thinking about what was in there.

I'd finished my tea and went to go but Aesha said, "Would you like another? I am on my own for most of today so it will be nice if you can stay a while. I also have not had the chance to speak to many English people yet as my aunt won't let me out of her sight."

"I'm not surprised," I replied, without thinking.

"Why? Don't people talk together here?" She asked, curiously.

I was careful with my answer but I guessed her aunt was hiding her for her own protection. "Well you see Aesha, you are so beautiful with such a lovely figure, the boys would be all over you."

She seemed shocked. "Really, you think I am beautiful?"

"I think you are stunning. That's why I didn't speak when you opened the door, I was speechless looking at you."

She giggled, " So that bulge in your trousers was because of me?"

Now I was shocked, but sensing Aesha may not be the innocent I thought she was, I said, "It was all caused by you, as soon as I saw you I started to think

GETTING THE CUTIES!

Dear Mayfair,

I thought it was high time I wrote in to my all time favourite magazine to express my appreciation. Last month's issue (45.05) was another absolute blinder, with the balance between the articles as for the girls spot on. I am particularly enjoying 'The Shape of Things to Come' and the 'Mayfair Classics' photosets from yesteryear, while of the girls last month, Satin and Tiffany in particular had me 'sitting up and paying attention'!

I've been a reader of Mayfair since the early days, and a favourite of mine was always the cartoon girl Carrie who appeared in the magazine in the early to mid-70s. Re-reading her saucy adventures always brings back memories of a time when things were more innocent. Another favourite of mine was the gorgeous model Claire Cass, who modelled in a series of sexy outfits in the late 90s, and who appeared in the very first *Mayfair* video. I still occasionally look at her sets in my collection of back issues.

The reason why *Mayfair* is still around after 45 years is because it has the ability to change with the times. Keep up the good work, gentlemen – and here's to a bright future!

Robert, Leicestershire.

Well, Robert, that's very kind – yes, there's no denying Mayfair has changed a fair bit over the years, but it's very gratifying to know that we've kept a loyal reader like you on board all this time. Claire Cass – there's a blast from the past. Perhaps we'll dig out a set of her for the Classic section sometime… – The Ed.

No prizes for guessing who London born *Mayfair* debutante Chelsea French supports – she's made it pretty clear with her choice of modelling name, but to be honest we're far too interested in the girl herself to bother with a load of lame football gags. Isn't she a peach? It's always nice when a cracking new British girl comes along, and Chelsea represents the first half of a delectable double whammy of UK debutantes this issue, with Anna Lovato on her way later on. A blonde and a brunette, both equally hot, horny and new. Mmm, there's a lot to be said for this job, you know!

Another *Mayfair* debutante now, in the form of the gorgeous Michaela, and as you can probably tell, we've got rather a classy lady on our hands here. It's always a tense moment, when you first tell the girl to start taking her clothes off, but for some reason Michaela looked so statuesque as she stood there in front of us, nobody wanted to ask her!

Thankfully she must have noticed our discomfort, because after a while she just smiled and asked, "Do you want me to get my boobs out now?" Well, we may have been a bit tongue-tied, but even we managed to get the answer to that one right, and from there on the shoot went perfectly… as you can see!

very naughty things."

"Like what?" she asked coyly as she moved off her stool and stood in front of me her hands on my thighs.

"Well, after I had got over how pretty and sexy you are, I began to think about the fact that I have never undressed a girl in a sari."

She took my hand as she said, "Well, as I was staying in today I have not dressed correctly, I should be wearing a top so my forearms are covered." She placed my hand on a bow at the bottom of her back "If you were to pull that, the top part of the sari would fall loose." We looked at each other, she was smiling, her other hand rubbing my thigh. I pulled the bow.

The top part of the sari fell away, revealing a very cute little pair of tits. She must have only been an A cup, but she had very big, dark nipples. I couldn't believe my luck as I lent down and gently kissed her tits. There was no resistance and I started to suck each tit in turn into my mouth, licking and nibbling her nipples, which was increasingly making her moan as she pushed her tits into my mouth.

My hands were soon on her bum, caressing her through the thin material as I sucked her tits. My dick was standing upright now in my trackies and I tried to find an opening in the sari so I could get to her pussy.

Aesha must have guessed what I was trying to do as she moved back and said, "You will have to unwrap me – there is no way in otherwise." I took the material she gave me and pulled while she spun around. It was incredible to see her unwrap herself and after a couple of spins she was standing naked in front of me.

She was stunning, perfectly formed with a lush, dark bush. I stood and walked to her and for the first time we kissed, my hands running all over her back and very tight little arse. She was so tiny I lifted her easily as I carried her to the kitchen table and laid her down. I kissed her tits some more before kissing down her firm tummy. I teased her a little before tasting her pussy. She was already wet, and I literally drunk her juice as I greedily licked her pussy, my tongue probing deep between her dark lips.

Aesha was very verbal now, telling me how good it felt and I started to lick her clit while reaching up and tweaking her nipples. It didn't take long for her to come and I stopped licking as I watched her shake as her orgasm took her.

She looked up at me. "You know my name means love don't you?" Of course I didn't, but she went on, "Don't make love to me, please just fuck me."

I pulled down my trackies and my dick sprang out. Aesha was still lying on the table, which was the perfect height to fuck her. I took her ankles in each hand and placed her feet on my shoulders, which pulled her to the edge of the table, her soaking lips pressing against my aching cock. I pushed in making her yelp as I slowly pushed my full length into her very tight snatch. She kept telling me to Fuck her hard, which is exactly what I did, banging her as hard as I could.

I started to call her my little whore and a dirty slut, which seemed to excite her even more and we worked ourselves into a frenzy as I pumped her hard and fast, sweat running down my face and down her tits as we fucked like the proverbial rabbits.

I soon had to pull out as after such a pounding. I couldn't hold on much longer and I shot my spunk all over her while she lay on the table. There was loads of the stuff, and it spattered over her tummy, tits and her face. She ran her fingers through the jizz, smiling as she sat up. She lent forward and licked my dick before taking it in her mouth, sucking and licking the last of the come off my cock.

By the time she was finished, I was rock hard again and still holding my cock in her hand she turned round and lent over the table, holding the edge with her hand as she directed my cock back to the her pussy lips. How could I resist, her cute little bum was sticking up and her head was down on the table as she said, "Fuck the arse off me."

I did and fucked her hard as soon as I entered her again banging my balls against her and scratching her silken back as I gave her the hardest fuck I could. I slapped her cute little bum cheeks, making them darken, and I really used the little angel, which seemed to take her to new heights.

She was rubbing her clit as I took her, and after a good pumping she came again. Feeling her climax and her pussy walls gripping my cock buried deep inside her I knew I was going to spurt again, and I pulled out and shot all over her bum.

We stayed still, breathless for a good few minutes until she threw her arms around me and kissed me.

"You have no idea how much I needed that!" she said. Well in truth I'd got a pretty good idea from her performance.

I stayed with her, helping to clean the table of any come and we chatted until I had to go as it was close to her aunt getting back. She gave me her mobile number, as I took the parcel and headed home.

We didn't get a chance to get together again during Aesha's all too brief visit, but she's coming over again this summer, and she assures me she'd like a second helping! And it was all all thanks to the postie leaving my parcel next door. I made sure he got a good Christmas tip for his efforts!

Robert, Sutton Coldfield.

LESLEY GASH?

Dear Mayfair,

Like a lot of your readers, I suspect, I always enjoy the classic set at the back, but as a collector who has managed to get hold of every copy of Mayfair since it started, I've always been amazed that you've never reprinted the set that appeared in Volume 15 Number 5 of a girl called Lindsey Webb who is, quite clearly in my opinion, obviously a young Lesley Ash! I'm sure everyone who reads the magazine would be delighted to see this spread (many of them, of course, for the first time) – that lovely hairy bush of hers definitely deserves another airing!

Andrew, via email.

Ah yes, that set. I've got it right here, and it does look like Lesley Ash, doesn't it? Sadly our sources inform us it isn't, though. Umm, perhaps we should run it anyway, so everyone else can see what you mean! – The Ed.

GETTING IN A FLAP!

Dear Mayfair,

Oh Wow! There is really nothing I love more than a girl with a meaty pair of fanny flaps. Many ladies seem to be concerned about having larger love lips, but the incredible Dominica in Volume 45 No. 5 seems incredibly proud of her ham sandwich – and quite right too!

The picture on page 62 shows them in their full glory – and it reminded me that it's one of the greatest pleasures in life to peel open an oversized pair of flaps and then to sensuously tease, lick and caress them with my mouth and tongue, stretching open a girl's fleshy petals and pleasuring them until she's begging to be shafted!

Every girl's pussy lips are rather red and swollen after a good fucking, and I'd love to have the opportunity to get Dominica's into that condition. For me, vaginal lips are the very essence of a beautiful woman, so well done *Mayfair* for giving this regular reader an extra special treat last month!

James, London.

We're a broad church here at Mayfair, James, so we're glad you found Dominica's pink lettuce appetising! You're right – fannies come in all shapes and sizes, and we reckon they should all be celebrated! – The Ed.

Gianna

Ages: 26 **Vital Stats:** 36DD-28-40

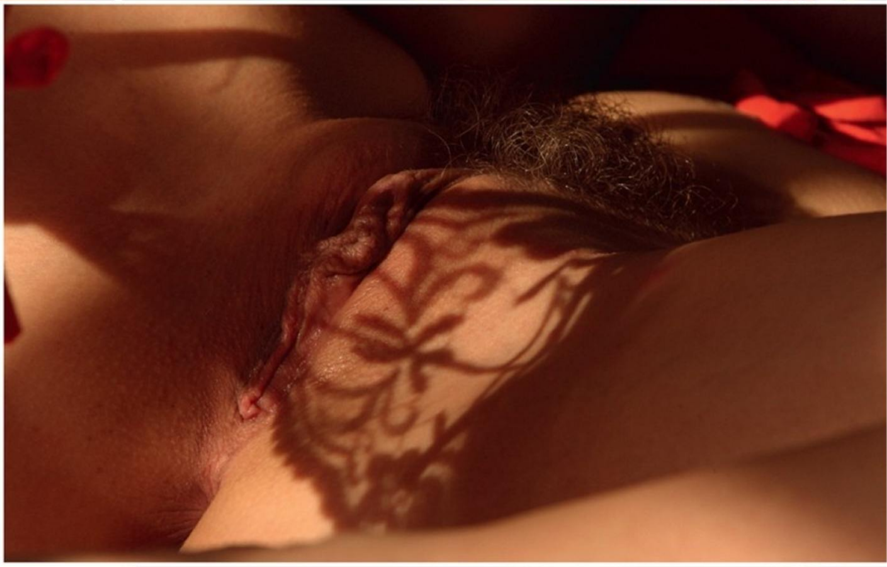
Among American erotic artistes, Gianna Michaels is famed for a couple of things – can you guess what they are? Yes, that's right – check out those incredible charlies! 36DD, and all the girl's own work! And just to round the package off perfectly, she's got a nice, furry little muff as well, which in our book makes her just about the ideal woman to spend a bit of quality time with. Now anyone familiar with her work will know that she's not what you'd call a shy girl, but what with *Mayfair* being the classy magazine it is, we thought it'd be nice to get a sort of teasy shoot of her with some moody lighting. What do you think? If you want to see more of Gianna, let us know and we'll be all over it like a man all over a girl with cracking boobs. Erm, very much like that, in fact...



RAGING BULL!

Lamborghini has unleashed its most extreme Gallardo ever – and *Mayfair* got behind the wheel of the LP 570-4 Superleggera at its international launch in Seville.

Words: Martin Bains **Pictures:** Lamborghini

The name Superleggera translates as 'superlight', and it couldn't be more apt, because the new Gallardo has been on something of a crash diet, managing to shave a whopping 70kg off its kerbweight. As a result, it's the lightest car in the company's range, and this brings significant benefits in performance and agility – more of which later.

Beneath the striking green paintjob on the model we drove round the Monteblanco racetrack just outside Seville, the designers have focused on improving the car's already superefficient aerodynamics. To that end, the front bumper takes on a new shape, complete with three-dimensional, recessed frames for the fresh air intakes. This change enhances the supply of cooling air to the brakes and increases downforce on the front axle, but also combines with the sharp, V-shaped nose and LED daytime running lights to add real aggression at the front end.

Further aerodynamic tweaks have been carried out to the underbody, while the rear diffuser has been updated, to include more carbon fibre in its construction, and incorporates four huge exhaust tailpipes. The most noticeable modification is the addition of a carbon rear spoiler. It's unusual to see Lamborghini interrupt the flowing lines of one of its cars in this way, but this shows the focus the firm had on improving the Gallardo's handling. Buyers can even specify a larger version. Completing the package is a unique new set of 19-inch wheels, clad in grippy Pirelli PZero Corsa tyres.

You wouldn't necessarily notice the weight savings on the outside, but Lambo has fitted carbon fibre wherever it can – in all, it accounts for 40kg of the weight savings. As well as the spoiler and diffuser, the material features on the wing mirror casings and the sills. Even the roof is carbon. What's more, lightweight polycarbonate has replaced glass for the side and rear windows, as well as the engine cover. Don't worry, though – the beefy V10 is still clearly visible through the composite screen, displayed like a work of art.

Not surprisingly, carbon is a key component inside, too. It's used to cover the centre tunnel, and also features on the door inserts and the e-gear lever surround. The shells for the sports seats are carbon, too, while leather has made way for lighter Alcantara to trim the seats themselves.

But the Superleggera is no stripped-out, compromised choice. The quality of the finish remains as impeccable as on any other Lamborghini, while luxuries such as air-con and electric windows – the first thing to be ditched by many rivals in the pursuit of a weight saving – still feature.

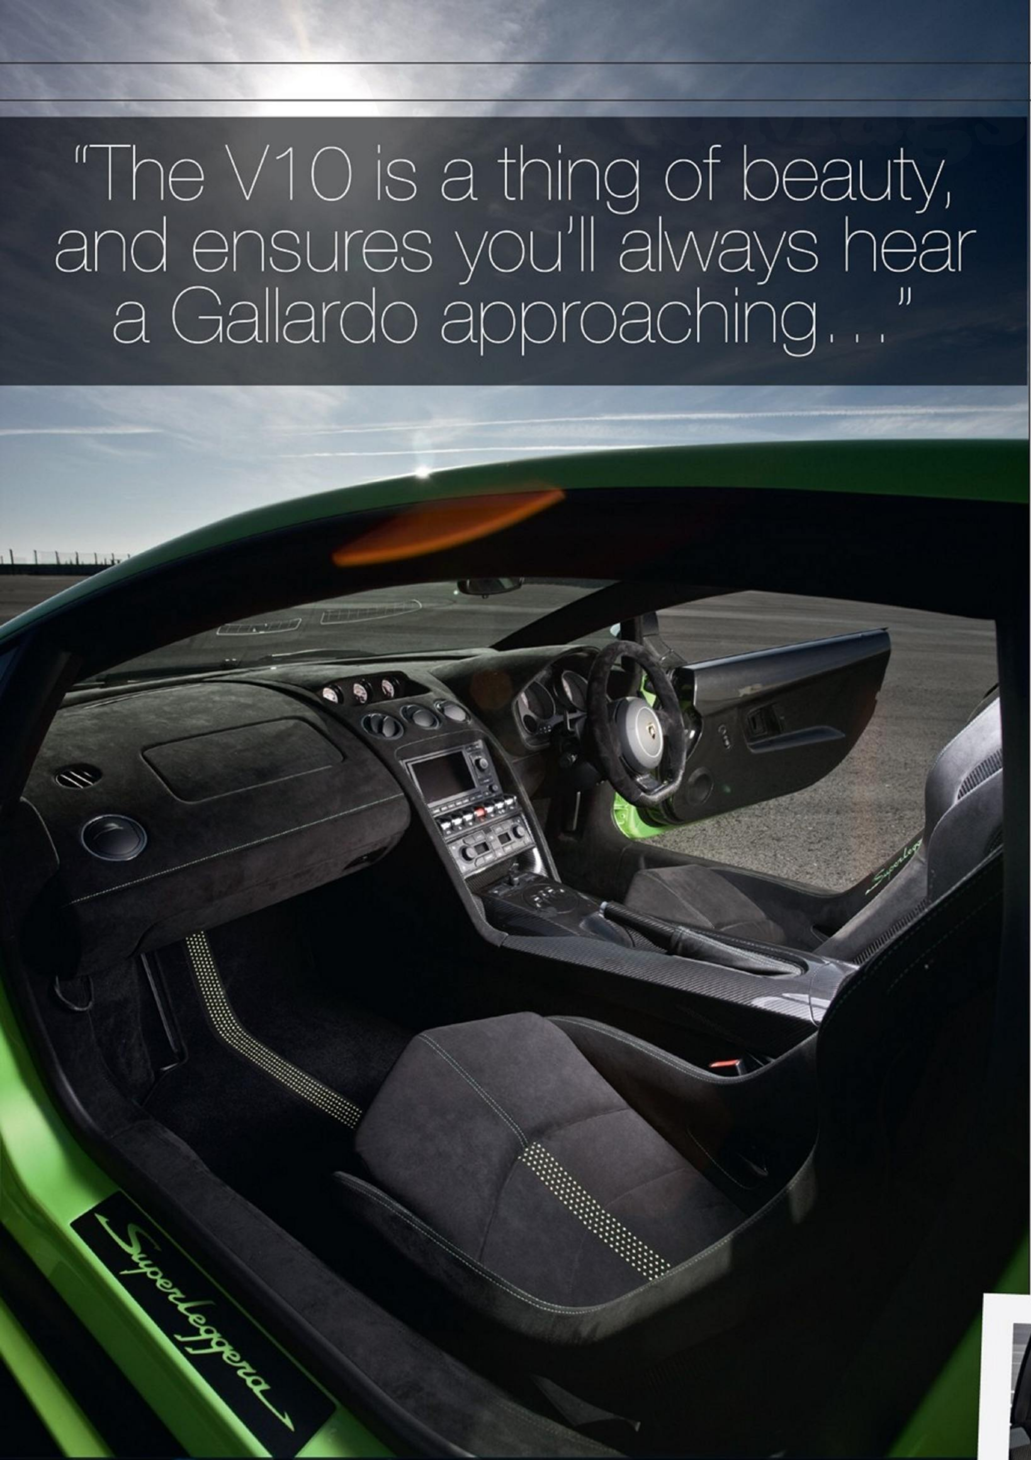
The Lamborghini V10 is a thing of beauty, and ensures you'll always hear a Gallardo approaching long before you clock its gorgeous shape. In the Superleggera, the 5.2-litre delivers a huge 540Nm of torque at 6,500rpm, as well as 562bhp at 6,000rpm. The latter is an increase of 10bhp, and has been achieved by reworking the engine management system. It doesn't sound like a very big power hike, but when combined with the lower kerbweight, it translates into a significant step up in performance.

This huge grunt is transferred to all four wheels through Lamborghini's ingenious automated manual transmission. The e-gear system offers a choice of modes, with the manual setting giving drivers control via the steering wheel paddles. Select Thrust, however, and the box takes over. It ensures

Lamborghini
Superleggera

Fancy taking this baby for a spin? Yes, though you might!

> "The V10 is a thing of beauty, and ensures you'll always hear a Gallardo approaching…"



the engine revs at 5,000rpm with the car at a standstill, and manages wheelspin. Once you're up and running, this mode delivers the kind of lightning fast gearchanges that most human brains simply couldn't cope with!

The result is a 0-62mph sprint time of 3.4 seconds – that's three-tenths up on the regular Gallardo – plus 0-124mph in 10.2 seconds on the way to a (deliberately maintained, but still frightening) 202mph top speed. And whatever speed the car is doing, the driver is totally immersed in the experience. Lamborghini says no Gallardo is as close to a race car as this one, and as soon as you start moving, you can see why. Everything feels firmer and, if possible, more precise.

A lot of this is due to the lighter kerbweight, as well as the immense rigidity provided by the extensive use of carbon fibre. But the engineers have also been busy under the skin. The anti-roll bars and the mounts for the aluminium double wishbone suspension benefit from greater reinforcement, while ultra-firm shock absorbers add to the extreme feel. On top of that, the steering delivers a level of precision and response that few rivals could dream of matching.

Central to the Superleggera's breathtaking cornering agility is the incredible traction available. The four-wheel-drive system is highly advanced, and ensures drive is apportioned to the tyre with the most grip. That means drivers can get on the power earlier out of bends, and make sensationally fast progress from A to B. OK, so getting your head round the fact that it's a 4WD you're driving takes a little while, but once you've got there you really can relax and let the car worry about itself.

So while light versions of many household names are healthy, dull alternatives to the regular product, this super-light Lamborghini is anything but. The difference is, the thrills it delivers on every journey are guaranteed to raise a smile – which surely can only be good for you.

Following her *Mayfair* debut a few issues back, quite a few of you got in touch to request a second helping of Sasha, and who can blame you – figures like that don't grow on trees, do they? And it seems young Sasha's really been coming along on the modelling front, since our paths last crossed.

"Yeah, these last few months have been fantastic!" thrilled the South coast-based beauty when we asked her how it was going. "I've been flown all over Europe, met some fantastic people – and now I've been in *Mayfair* it's got even better. Who knows where it'll end?"

Well, we can only say we reckon she's got some great prospects ahead of her… not to mention a pretty nice one behind her as well!

Hannah

Age: 23 **Vital Stats:** 38B-27-37
Photographer: DDF

Standing 5'9" in her stockinged feet – and therefore knocking not far off 6' with her heels on, Hannah cut quite a dash when she strolled in for this shoot, but once we'd got used to her statuesque figure it was her face that held us bewitched. It looks kind of familiar, and after a while we twigged – she's the spit of Jennifer Carpenter who plays Dexter's sister in the show of the same name.

Now we've long had a bit of a hard spot for Jennifer, but far from being a substitute, we reckon Hannah here knocks her into a cocked hat! Apart from anything else, instead of pretending to be a cop in Florida, she was rolling about in front of us naked, which always helps, we find!

The shape of things to come

From glamour girls and movie stars to Page Three pin-ups and Lads' Mag lovelies – over the years Mayfair has featured them all. Matt Loxham takes a look back at some of the people and the events that have helped make the magazine what it is today.

THIS MONTH: *The Page Three Stunnas (Part Two)*

SPECIAL COLLECTOR'S EDITION
No 5
£1.95
The Best of MAYFAIR
Featuring Top Model and TV Star
SAMANTHA FOX
in her most revealing poses ever
Plus 15 fabulous girls, powerful features, finest fiction, and laced with sparkling humour in one unique issue

The huge popularity of Page Three in the UK during the 70s and 80s was a great thing for *Mayfair*, primarily because many of the girls who became famous for going topless in the tabloids were happy to reveal all for a magazine that was by now very well-known for publishing pictures of girls with large breasts in a tasteful fashion.

A procession of Red Top luminaries such as Kathy Lloyd, Donna Ewin and Kirsten Imrie stripped for *Mayfair*, giving the magazine that all-important mainstream appeal and credibility, bringing in a whole new slew of readers.

However, it was the appearances of three models in particular that really defined the successful nature of the relationship between *Mayfair* and Page Three.

Samantha Fox, Linda Lusardi and Maria Whittaker are arguably the most famous girls ever to have taken their tops off for a tabloid, and they've gone on to become icons of the genre. Back at the height of their fame they were happy to pose for *Mayfair*, and everyone concerned benefitted from the extra exposure.

The bloke gawping at the Page Three stars over breakfast knew there was a magazine out there in which he could see a bit more, and the girls knew that appearances in one of Britain's best-known top-shelf titles could only boost their profile. *Mayfair* and the topless tabloid 'stunnas' really were the perfect partners.

Samantha Fox

Although she emerged from nowhere to become an era-defining topless tabloid sex-symbol during the 80s, British blonde bombshell Samantha Fox had originally been destined for success in a slightly more highbrow pursuit.

After showing a keen interest in drama from an early age and appearing aged just 10 years old in a BBC play called *No Way Out*, she enrolled at the Judi Dench Mountview Theatre School, seemingly well on course for a career in acting.

Ever the creative type, Fox even formed her own band, but all musical and thespian ambitions were put on hold when Sam's Mum snapped some pictures of her 16 year old daughter and entered them into *The Sunday People*'s 'Face & Shape of 1983' competition. Fox finished joint runner-up, and as a result *The Sun* invited her in for a test shoot. Naturally, they liked what they saw, and later that year her first Page 3 picture was published, accompanied by the headline: 'Sam, 16, Quits A-Levels for Ooh-Levels'.

After this initial appearance her rise to topless superstardom was swift, to say the least. She won *The Sun*'s Page Three Girl of the Year award three years running between 1984 and 1986, and famously insured her 36D prize assets for £250,000.

Fox became so popular that she was even able to launch a fairly successful singing career, scoring a number three hit in the UK Charts with her debut single *Touch Me (I Want Your Body)*, and her second *Do Ya Do Ya (Wanna Please Me)* made it to number 10 – and this in the days when a Top 10 hit actually meant something.

Fox appeared in *Mayfair* at the very peak of her powers in a *Best of Mayfair Special* in 1985, a spread that you can see as the Classic set in this very magazine. Enjoy!

Linda Lusardi

Spotted by renowned *Mayfair* photographer Joanie Allum whilst waiting for a bus – a chance encounter that actually resulted in a shoot for the magazine that you can see in next month's Classic section – Linda Lusardi was snatched from obscurity to become one of the most popular Page Three girls of all time.

LYNDA
PHOTOGRAPHED BY JOHN ALLUM

Even after she'd been 'discovered' and published in *Mayfair*, the busty brunette from North London still amazingly nearly didn't make the grade for the tabloids after making the mistake of ironing her hair straight and failing to impress the picture editors at her test shoot for *The Sun*.

Luckily, legendary Page Three snapper Beverley Goodway saw some potential in the young Lusardi, and decided to call her back for another try. Some fortuitous heavy rain on the way to the studio meant that her hair had sprung back into its natural curly state, and this time everyone loved what they saw. Picky buggers!

Lusardi's first appearance in *The Sun* came in 1976 when she was aged 18, the start of an association with the Red Top that would last eleven years. Such was the affection for Linda that in 2005, nearly two decades since her last appearance in the tabloid, *Sun* readers named her the top pin-up of all time, taking almost a third of the votes and comfortably beating the likes of Keeley Hazell and Sam Fox.

More recently, we've sighted Lusardi still looking great in *Brookside*, *The Bill*, *Emmerdale* and on *Dancing on Ice*. Not bad for a girl who didn't even think she was attractive back when she started doing topless modelling.

"I was too skinny and my sticking-out teeth made me look like Bugs Bunny," she said in an interview. Check out next month's Classic and you'll know for certain that she's talking a load of bunkum. Nice hairy pussy, too…

Maria Whittaker

Out of all the superstar Page Three girls, with her 36DD boobs Maria Whittaker was probably the most 'gifted' in the chest department. Her first appearance came in 1985 in, you've guessed it, *The Sun*, at the tender age of 16, and she rapidly became one of the most popular tabloid models, winning the Page Three Girl of the Year title in 1989.

The girl you've most asked to see
Maria Whittaker
PHOTOGRAPHED BY GEORGE RICHARDSON

In the meantime, Maria appeared as a Hill's Angel on the *Benny Hill Show* and as herself on *Little and Large* and *The Last Resort with Jonathan Ross*, boosting her profile further.

However, although ideally placed to do so, Whittaker didn't scale the heights that Sam Fox and Linda Lusardi managed away from Page Three. Indeed, her attempt to break into the music business with her band, The Rhythm Zone, was a flop, with their single *Stop Right Now* not even troubling the charts.

Thankfully, this setback didn't stop Maria making regular appearances on Page Three and several in *Mayfair*, her first being for Volume 23 Issue 6. Let us know if you'd like it as a Classic!

Anna

To quote *Mayfair*'s able editorial assistant Leah, "Woo woo!" How chuffed were we when we managed to snaffle the delectable Welsh lass Anna Lovato for the magazine? Well, how chuffed do you think? Viewers of those late night TV channels should be more than familiar with her charms, although not to the extent that you're about to get acquainted with them now! We're hoping we'll be seeing plenty more of Anna in *Mayfair* from now on, and if you really fancy giving yourself a treat, pop along to mayfairmag.com to check out her video!

Six of the best...Volcanoes

Some peak in Iceland blows its nut, and all of a sudden we all have to stay on the ground, twiddling our thumbs! Mind, it could have been a whole lot worse, as TRISTRAM SMITH finds out...

1• Krakatoa

In modern history Krakatoa towers over all other volcanic eruptions, but of course like all good volcanoes, its history reaches back into the mists of time, with evidence of it having blown at least three times since 416AD, but it was the 1883 gig that really put its name on the map. Quite typically, the eruption itself was preceded by plenty of earthquakes and the like, and by August of that year the volcano was smoking ominously. On the 27th the shit really hit the fan, with an eruption so violent it was heard 3,000 miles away, with the island of Krakatoa being blown to pieces in the process. Shockwaves and tsunamis wreaked havoc in the region, killing many tens of thousands, and worldwide average temperatures for the year that followed dipped by over 1 degree centigrade. Brrr!

2• Thera

If a volcano really wants to make its mark, it can't really do much better than destroy an entire civilization, which is just what – according to one theory at least – Mount Thera did when it blew its top back in 1500BC or so. Thera (Santorini in today's parlance), was an important island in the Mediterranean for the Minoans, being home to their major settlement Akrotiri. Unfortunately it was also a whopping great volcano, and when it went up the Minoans took such a knock they never recovered. Theories vary as to whether it was a tsunami, a layer of ash or climatic changes that did for them, but the bull-jumping folk of Crete were so weakened by the event that they were soon overrun by Myceneans, and that was that.

3• Lake Toba

OK, so we're really delving back into pre-history with this one, but if the theories are correct, the Lake Toba eruption of something like 75,000 years ago was an astonishing event which effected a higher proportion of the Earth's population than any other eruption – by a country mile! Lake Toba wasn't a lake then – it was a fucking huge volcano (also in Indonesia) which, when it went off, ended up depositing a 15 inch layer of ash over the entire sub-continent – and in some places in India it was actually six metres deep. As for us poor humans, trying to scratch a living back then, some estimate that the eruption did for a staggering 99% of us! Think about that next time you find yourself stuck in the departure lounge!

4• Vesuvius

Thanks to a combination of Pliny the Younger and Frankie Howerd, this is one everyone knows all about. In 79AD the area round the Bay of Naples was getting plenty of earthquakes, but the residents of Pompeii and nearby Herculaeneum were pretty blasé about the whole thing. They weren't even bothered when the wells dried up, and it may well have been because Romans in those days didn't actually know what volcanos were and what they were capable of. Things kicked off on August 24th, with a relatively civilized eruption that had the locals putting cushions on their heads to avoid blows from pumice as they finally set about evacuating. Unfortunately that was quickly followed up with a devastating pyroclastic flow, as hot gas and rock swept down to Pompeii, wiping out everyone who hadn't already made their escape – and thus preserving after a fashion a roman city for the rest of us to amble round and drop litter in to this day.

5• Mount Tambora

As far as catastrophic death rates are concerned, in the modern era the eruption of Tambora, on the Indonesian island of Sumbawa takes top billing. The size of the eruption was the biggest since ancient times, and, thanks to pyroclastic flow and the like, rendered the region almost uninhabitable. Crop failure and disease accounted for something like 70,000 locals, with a staggering 10,000 or so killed directly by the eruption itself. Around the rest of the world, the event caused 1816 to become what was known as the 'Year without a summer', when late frosts killed off crops in Europe and North America and a huge crisis ensued. In Ireland as many as 100,000 may have been killed by indirect consequences, although at least over in England JMW Turner had some lovely sunsets to paint...

6• Laki

This recent trifle isn't Iceland's most significant eruption by a long chalk – back in 1783 the Laki fissure did its thing, and the consequences were a fair bit worse than a few days without air travel... This time, instead of one big bang, things rumbled on for 8 months, with something like 120 million tons of Sulphur Dioxide produced, leaving a hazy cloud over much of Europe and killing plenty of folk (perhaps as many as 23,00 in the UK). Up in Iceland things were far worse, with about a quarter of the human population perishing after being poisoned by the flourine that was also released – or as a result of the famine that followed, while up to 80% of farm animals also pegging out for the same reasons. Harsh weather caused poor crop yields all over the place, leading to particular unrest among French peasants. The revolution would only take a few years to kick off...

Got an ominous cloud of Icelandic ash obscuring your vision? Fear not, *Mayfair*'s JAMES SAINT has an ash-penetrating electric eye, so let him lead you gently by the techsticles through the storm…

At the time of writing, I've just endured a gruelling drive from Barcelona to Calais in order to flee Frogland on a ferry back to the loving embrace of the UK. Why? Because some volcano in Iceland gave it the big one and, suddenly, despite living in the 21st century, all planes were grounded like a flock of extremely timid birds. Fucking incredible.

What's more, the reason I was in Barcelona in the first place was, no, not to cock-dabble in Spanish streetwalkers, no, not for the exciting opportunity to be mugged, but instead for a conference being held by one of the world's top tech companies. What were the chances, eh?

Anyhoo, thanks to that cloud of Icelandic ash, married to the shit-eating twunts of French National Rail deciding to go ahead with their arse-pickingly lazy national strike at the same time, I found myself on this epicly painful odyssey by road and water to get home. How did I stay sane? Gadgets, man, gadgets!

I remember when camcorders used to weigh as much as a breezeblock and were about as convenient for making home grumble as using a corpse as your 'partner'. Well, times have changed to the point that what was once a bit of kit that was so weighty it would take two hands to lift and so cumbersome that any attempted close up would make even the neatest pussy look like a terrifying vibrating void, is now so small and light and packed with innovation, today's skin flicks come over as almost gynaecological.

Take Tosh's latest – 14-megapixel CMOS sensor, full HD recording at 1920x1080i shot at 60fps, controllable light balance, macro and infinite focus range, HDMI output, PictBridge and even face detection software, yet weighing just 151.1g (with battery). It's quite possible you'll forget you're holding it. In which case one stumble and things really could turn gynaecological!

BladeFish Seajet BF1000

Price: £300

Going on holiday this year? Not if a gigantic cloud of volcanic ash has anything to do with it, you're not! However, provided that's all blown over by now, France isn't on strike again, and every ting is irie, I'd suggest somewhere by the sea. Why specifically by the sea? So you can impress all and sundry with this: the BladeFish Seajet BF1000!

Yes, they say that swimming is good exercise, but it doesn't have to be with this little sea monkey. With a rechargeable battery good for 40-minutes submarining at a depth of 20-metres, the BladeFish can turn even the blubberiest of beached whales into The Man From Atlantis, propelling you under the waves at a breakneck 3.25km/h! Alright, maybe not that breakneck, but considerably faster than your usual doggy paddle allows.

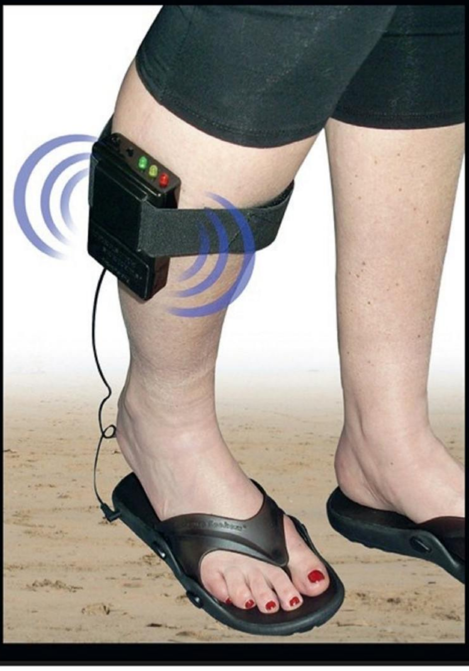
This is one for the kids, innit? Flogging it on its bass merits, Sony have done all their market research: there's a blue one for boys, a pink one for girls and a dark grey one for those uncertain of how their gender is aligned. That'll be goths, then.

Available in 2 or 4GB flavas, boasting battery life of up to 18-hours and featuring a three-line LCD, FM radio and a voice recorder, it might not be the alternative to the iPod Nano you were waiting for and, like many of Sony's attempts to tackle the mighty Fruit, it'll probably enjoy minor sales before being replaced by something called, oh I don't know, the B160, in a few month's time, but sound quality is decent enough and if you truly refuse to give Jobs your hard-earned cash for his medicine, then here's a perfectly respectable alternative option.

Treasure Seeking Sandals

Price: £40
www.gadgetshop.com



Well, finally! I like walking around in sandals and I also like stumbling across buried Anglo Saxon treasure hoards with my metal detector. However, I don't like accidentally stubbing my exposed toes as I swing the detector pan from left to right. So what's to do, eh? Give up detecting? Give up wearing sandals? No, you fuckwit, get these! Using beat frequency oscillation to form a magnetic field, whenever you have a metal object up to 60cm underfoot, a that field is distorted and a signal is sent to the battery pack on your leg which will then flash a red light and either emit a buzzing noise or vibrate gently. Genius.

Obviously, you will look like you're on release from prison and people might get a bit worried once it starts flashing and buzzing and, yes, women will merely use them for cheap sexual pleasuring, but isn't that treasure in itself? Think on it…

Do you then like to go on Facebook afterwards, telling everyone all about those you 'fragged'? Yeah, I know you!

Well, you need this then, the FPS Vest. It's a flak jacket in several convincing shades of camo that uses clever pneumatic technology to blast your torso with bullet-mimicking hits as you get gunned down by the 10 year old from Salt Lake City that you'd been shouting at for failing to cover your flank for the past five minutes. ON THE JOB!

This life is all too brief (except for Sunday afternoons), so who can blame us for getting our pleasures where we will – even if it's just little things like glimpsing a secretary's stockinged legs beneath her desk? Sadly, most secretaries don't quite live up to the ideal we've managed to portray here, with Kat starring in our very first 'On The Job' – a monthly set dedicated a girl in (and out of) work clothes.

There's nothing wrong with answering calls and typing up letters, of course, but with a full-bodied arse on her like that, Kat would surely be wasted keeping her bottom half out of sight all day! Thank goodness she only bothers with the secretary stuff when there's a snapper around!

campus with.

It worked a treat, and he ogled my scantily clad body as I squiggled on the edge of his desk, swinging my legs and begging him to make a woman of me. Of course I had long ago lost my cherry, but I wanted him to buy into the whole fantasy and it worked. Ian stripped off in double quick time. His body was lean and muscular, and, wonder of wonders, he was as well-endowed as in my fantasies. With one wide sweep he shifted all his papers and paraphernalia from his desktop and laid me upon my back on the surface.

Removing my panties, he kissed my pussy, and assuming a slight air of authority, instructed me to close my eyes and just lie there while he awakened my senses. His tongue and fingers roamed all over my body, touching, testing, teasing and tantalizing every centimetre of my sensitised skin. With the practice of an experienced lover his touch released endorphins, until I became a needy mass of frustrated femininity. I was virtually begging him to fuck me, but Ian kept going until I felt my juices trickling between my thighs onto the desktop.

“He was larger and thicker than any cock I’d ever ridden before…”

Taking hold of my ankles in his hands, he pulled my legs wide apart, holding them straight up, stooping to bury his bearded face in my pussy, eating and tonguing it until I came in his mouth and he gulped greedily at my juices.

Then he stood back from the desk, stroking his cock. “Do you want this?” he asked, as it grew hard in his hand. I loved this. I begged for cock, and as Ian moved closer, I wrapped my legs around his shoulders, crossing my ankles at the back of his neck as he pushed his big cockhead against my juice-slicked slit.

His fingers pinched at my nipples as he slid his cock inside my pussy. He was larger and thicker than any cock I’d ever ridden before and I was afraid I might not accommodate the full length, but luckily I was so lubricated with excitement that Ian managed to penetrate me balls-deep after three hard thrusts. Form there on I had the most blissful fucking of my life. Ian knew just when to thrust and when to pause, and he kept my pleasure going by a judicious combination of nipple play and deep, hard, sudden cock-thrusts.

Just as I felt I could hold out no longer he gave an extra hard twist to my nipples and shunted his shaft extra-deep into my pussy, beginning to build a rhythm and pounding hard and fast until he shot his warm load inside my aching pussy and we climaxed almost simultaneously.

We’re going on a field trip to Jordan next term, and while I’m looking forward to the archaeology we’ll be working on there, I’m pretty sure it won’t be the highlight of the trip for me!

Name: **Joan**
Age: **39**
From: **Bude**

When my husband left me last year I gave up on men for a while. He buggered off with some young slapper from his office and at nearly 40 years of age I couldn’t see how I was going to get myself back on the dating market as most of my girlfriends were married and I’d become a bit boring in my old age.

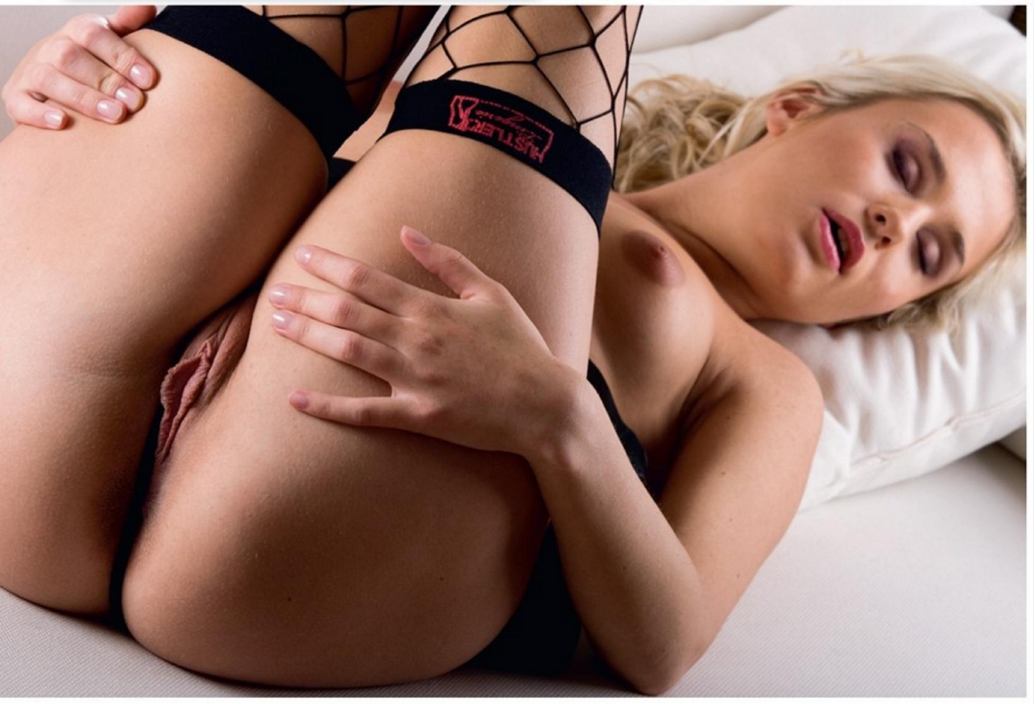
Luckily the urge for a good fucking took over a few weeks back and I decided to go out and get me some cock!

I’d plucked up the courage last Friday to go into town on my own and see what developed. I’d just finished applying my make-up and was checking myself out in the mirror when there was a knock at the door.

Pete lived in a flat in my block and I’d always said hello when we bumped into each other on the stairs as he was drop dead gorgeous but unfortunately only about nineteen, so apart from using him in a few wank fantasies I’d never considered him as a potential fuck.

He’d come round wanting sponsorship for a parachute jump he was doing for charity and it may have been down to the half a bottle of red I’d already drunk, but I invited him in.

He was obviously an athletic guy by the way he moved and I couldn’t take my eyes off his muscled arms while it seems he couldn’t take his eyes off my big breasts bulging out of the top of my tight blouse as I fixed us both some wine



and sat next to him on the settee. My skirt was a bit too short for my age, but Pete didn't seem to mind as we chatted, flirted and finished the bottle.

By bottle two, Pete's hand was gently stroking my black nylon clad thigh and I was leaning into his firm young body, giving him an excellent view of my cleavage as I ran my fingers playfully through his thick blonde hair.

My pussy was getting nice and wet as his fingers traced slowly upwards, and when he pressed his lips against mine and pushed his tongue into my mouth I thought I was going to come there and then.

Raising my leg over his, I reached for his crotch as Pete thrust his hand in between my parted thighs. I felt the bulging hard mound of his prick at exactly the same time as his fingers delved inside my panties and touched the freshly shaved lips of my moistening twat.

I pressed my mouth hard against his and frantically released the top of his jeans, desperate to feel a throbbing dick in my hand again. He eased a digit into my hole and expertly started to finger me as I freed his meat and dragged back his foreskin. It felt so good rubbing that stiff, smooth cock and I needed to feel it in my mouth so I lowered my head and slurped the thick rounded end between my lips. Pete groaned and ground another finger into me using his other hand to yank open my top in order to get at my tits. I was relishing the salty taste of Pete's thick shaft as he groped my knockers, kneading the hard nipples with his fingers.

> “As we fucked I wrapped my stockinged thighs around his slim waist…”

Months of pent up frustration suddenly exploded through my aching pussy and I came all over his wriggling fingers as I stuffed that rigid dick against the back of my throat, sucking passionately as the thought of a mouthful of thick creamy spunk made my orgasm even more intense and the sticky pussy juices literally poured out of my slit, soaking everything around it.

I was gasping for breath as my climax began to subside and I knew I had to get that pole of love jammed in my fanny as quick as possible. Pete's taut young body felt so good pressed against my big tits, and I threw myself back into my seat and spread my legs as wide as I could.

He stood up and stared down at my trembling boobs and juice-coated pussy as I thrust two fingers into the squelching mess and licked my lipsticked lips for him like some sort of slut. Pete's rock hard cock jutted out towards me and, leering at my filthy display, he wanked over me as I fingered myself, smearing my own sticky juices over my thighs and stocking tops for effect.

Gaping my glistening hole for him with both hands, I wriggled further down into the settee and awaited his delicious meat inside me. Pete knelt on the floor and roughly grabbed my thighs spreading me wider open as he placed his angry purple knob at the entrance to my tunnel. He teased me for a while rubbing the tip up and down in the goo, brushing my clit and driving me nearly insane with lust.

Suddenly he slid it up me, pushing that gorgeous shaft straight into my slippery passage until his heavy balls slapped against my arsecheeks. He fell on top of me, crushing my breasts with his smooth toned chest as he slid his hands beneath my buttocks and drove his meat deeper. God he felt good, and as he withdrew and then slipped back in I came again, bucking and jerking like a wild thing beneath his pelvis.

As we fucked I wrapped my stockinged thighs around his slim waist, while he pervertedly slipped a finger into the crack of my arse and pressed it into my rear. The sex slime from my orgasms lubricating his finger and it disappeared a couple of inches inside me, creating a lovely burning sensation as he continued to pump my twat. My ex had never fingered my arsehole, and with my pussy full of dick at the same time I was realising what I had been missing.

Pete was obviously about to come, and as it had been so long I wanted to see all that lovely sperm, so as his body tensed I pulled that shiny glazed prick from my dripping hole and pointed it at my boobs.

Pete grunted and fired a load of sperm straight into my face from about three feet. I barely had time to lick some from my chin before another dollop splattered onto my quivering tits and then another. His jizz was squirting all over me, soaking me in seed as he wanked his youthful manhood in order to drain it completely.

I was covered in spunk which was just how I like it and smeared the sticky goo all over my knockers, thighs and stomach as Pete watched. He stuck his come coated dick back inside my twat and we carried on fucking, his meat recovering it's erection almost immediately.

Pete screwed me four times in all that night and now pops in every couple of days for a repeat performance.

I feel like a new woman, and can't wait to find out how many other young studs out there want to bury their dicks in my eager twat.

When Emily joined our company I knew that I wanted to fuck her. The girl was fresh out of college but had an assured manner about her – like she was already sexually active.

As with most of the new recruits she was put under my charge. It was my job as department manager to teach her the basics of the job. As you can imagine, out of a group of six new employees I gave Emily the most attention.

She was asking for it really, though. Wearing short skirts that showed off her slender legs, high heels that accentuated her calves and, of course, the mother of all teasers – a low-cut top revealing her ample cleavage.

Being a good quarter of a century older than her

I knew I wouldn't have a chance with a fox like this in the real world, but in the workplace I was her master. And it didn't take long to make the most of this position.

It was the end of her first week, and like most Fridays we finished early and went to the pub. I got the first round in for my trainees and then took it from there. Needless to say I sat and chatted with Emily at every available chance and before I knew it we were left alone when the others went to smoke.

I asked her how she'd enjoyed her first week, and felt rather proud when she told me I had been a good mentor. Taking a chance, I told her it wasn't the only thing I was good at.

She knew exactly what I meant and looked down at the bulge in my trousers for confirmation. I hadn't realised I had a stonking hard-on but fortunately she wasn't shocked.

"Mmm, I bet you are," she said, licking her lips and squeezing the bulge. "I think we better make our excuses to the others, don't you?"

Five minutes later we were in the back of a cab back to mine. This girl more than half my age had her hand down my trousers while I squeezed one of her tits. The taxi driver kept looking at us in his rear-view mirror and must have thought I was a right lucky bastard.

When we arrived at my place we wasted no time in going straight to the bedroom. I sat on my bed with my flies open while Emily stood over me and did the sexiest strip tease I didn't have to pay for.

First her blouse came off, then her bra, revealing the perfectly round boobs I had already been caressing. Then she unhitched her skirt, of which I already had a tremendous view up. She was wearing a black thong and the gusset was hidden between her succulent-looking fanny lips. My mouth watered at the sight and my cock bulged.

Wearing nothing but her thong, Emily lowered herself on the bed and took hold of my upright cock. She tucked it gently with her hand, almost purring with satisfaction – and that's before she had even had it up her.

She wanked me off until my cock couldn't get any harder, then she started running her tongue over my helmet. Looking down and seeing this young girl about to feast on my cock is an image I will hold with me forever.

Admittedly she wasn't the best at giving blow-jobs but I certainly wasn't going to complain as she sucked on the first few inches of my cock, never really going any further.

While I had my dick in Emily's mouth I reached round with one hand to peel off her thong. The gusset was already nice and wet and once I had removed the skimpy garment I got to feel her moist pussy lips.

They were clean shaven and my finger slipped right into her slit. She stopped sucking my cock and gasped as I started to finger her as frantically as I could.

I told her I wanted to taste her young pussy so she straddled over my face and pushed down. My senses were astounded by the sweet smell and taste of her pussy. It was almost as if you could taste that she was in her late teens.

As I lapped wildly at her pussy, flicking her clit with my tongue, Emily moaned and groaned like she had never been eaten out before. This, I later found out, was actually the case. I was the first bloke to give her oral sex.

Bouncing up and down on my cock, Emily leaned back and tugged on my dick. It was still rock hard and I couldn't wait to slip it inside her perfect pussy, but I was currently having too much fun eating her out.

Eventually Emily took the lead and pulled away from my mouth, moved back a bit and then got ready to lower herself on to my cock. I held it firm and steady as she bent her knees, my knob pressed against her lips and then hey presto – she was sunk to the hilt.

Despite being very wet, her pussy was tight enough to really squeeze my cock in all the right places. As she began to bounce up and down on me I could feel every movement.

"This is so fucking nice," Emily gasped as she rode my cock. She wasn't wrong, I was having the time of my life with this young fit 'un. And more fun was to be had as I reached up and squeezed her breasts.

Her nipples had turned rock hard and I tweaked them between my thumbs and forefingers, making the young slut scream with joy even more.

Emily was really getting into it now and I felt it was time to show her who the daddy was. I pushed off from on top of me and her around so she was on all fours. With one great push I shoved my cock back inside her and started fucking her doggy style.

"You like it like this, don't you, you little slut!" I bellowed as I gave her it all from behind.

All Emily could do was gasp as I pumped away, occasionally slapping her arse cheeks or tugging on her blonde ponytail to show her I was the boss – in and out of the bedroom – until she came.

When I felt myself about to come I pulled out and told Emily to turn on to her back. Then I straddled her midriff, pushed her boobs together and tit-fucked her until my cock exploded.

The spunk went everywhere as it streamed out of my cock, but best of all it sprayed mostly over her face and she had to scoop it up with her fingers and swallow it down in several gulps.

"I've never had an old bit of cock before," Emily said as I climbed off from on top of her. Charming, I thought. But then again I hadn't had a sort as young and as fit as this since I was her age! I've had it plenty of times since, though!

THE ROAD
Based on the Pulitzer prize-winning novel by
CORMAC McCARTHY
Author of No Country for Old Men

Cormac McCarthy's *The Road* has been one of the most highly acclaimed books of the 21st Century, with its bleak, yet ever-so-slightly life-affirming take on a post-Apocalyptic world, so this big screen adaptation had a bit to live up to. But does it succeed?

Well, that depends – if you've read the book, the film doesn't really bring much more to the party, and one or two niggles do crop up now and then, but if you haven't read the book…

Viggo Mortensen stars as 'the man', determinedly looking after his son (Kodi Smit-McPhee) in a world ravaged – killed, basically – by some unexplained environmental catastrophe. With no wildlife left alive, and all plantlife also consigned to the evolutionary dustbin, things don't look good for the pair, who are reduced to scavenging remnants from the old days while battling their way south in a bid to flee the perma-winter. It's all pretty harrowing, but the bond between Viggo and the boy works well, and the horrors they face along the way among fellow survivors stripped of their basic humanity work well at a cinematic level. It's a pity they crammed so many big names in to a film that really doesn't need them – Guy Pierce, Robert Duvall and Charlize Theron all crop up and distract a bit, but as long as you're not expecting the greatest film of the 21st Century then you'll be ably carried along to the not-quite-so-bitter end.

By Joshua Piven, David Borgenicht, and Ben H. Winters

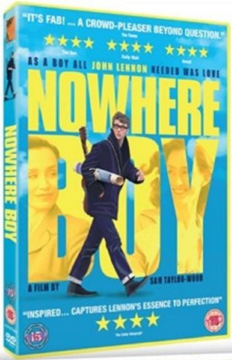
There have been plenty of *Worst Case Scenario* Handbooks in recent years, but *The Complete Worst Case Scenario Handbook* (Chronicle Books) culls the wisdom of many of them into one handy volume, backed full of tips and advice on just about anything you might need to know in just about any situation. OK, so some of it's a bit on the frivolous side, but some of it could actually save your life – assuming you either carry the book around with you wherever you go (in which case it might stop a bullet for you as well), or else sit down and memorise it before venturing out.

Randier readers might be interested in the advice about how to successfully have sex in small areas such as plane toilets and elevators (top tip – find a lift with an emergency stop button, although the firemen called out to rescue you might not be too amused by your antics) although how to remove a bra with one hand is surely a lesson we've all learnt by now!

If things all go wrong once you've removed the bra, there's advice on how to sleep on the couch, and ultimately how to divide up an apartment with your ex prior to moving out.

Survivalists will find plenty of interest too, like how to work out which way's North without a compass.

NOWHERE BOY

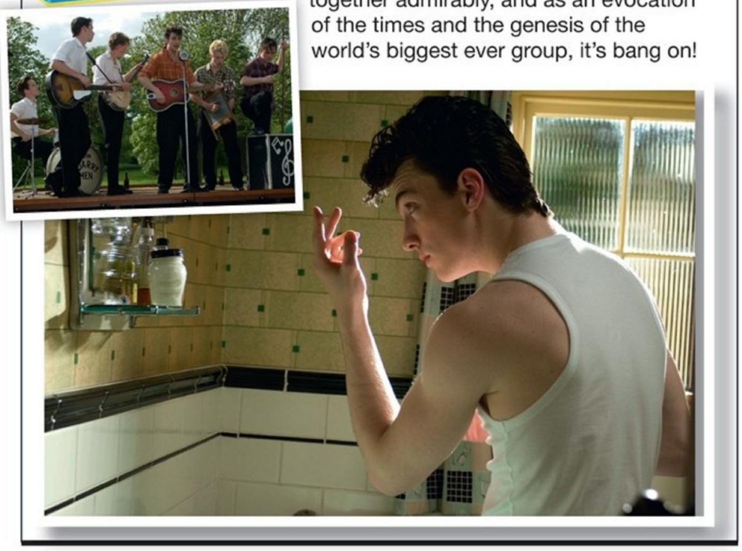


"IT'S FAB! ... A CROWD-PLEASER BEYOND QUESTION."
★★★★ ★★★★ ★★★★
AS A BOY ALL JOHN LENNON NEEDED WAS LOVE
NOWHERE BOY
"INSPIRED... CAPTURES LENNON'S ESSENCE TO PERFECTION"
★★★★

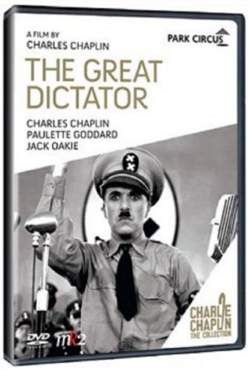
Given their pivotal place in British (and world) history, there haven't been many films about The Beatles, have there? perhaps it's something to do with the rights to the music or something…

Anyway, this film, neatly sidesteps that problem by concentrating on John Lennon's pre-Beatles days, when he was being shunted around between his Aunt Mimi and his mum, and generally having a thoroughly mixed-up time.

A great central performance from Aaron Johnson as Lennon holds the whole thing together admirably, and as an evocation of the times and the genesis of the world's biggest ever group, it's bang on!



THE GREAT DICTATOR



Charlie Chaplin's always had a touch of the Marmite factor about him – you either love him or hate him. For everyone who loves *The Kid* and *Modern Times*, you'll find someone whom the Little Tramp leaves cold. But of course there was a lot more to Chaplin than the Little Tramp – especially later in his career.

By 1940 he was something of an elder statesman of cinema, and while America dragged its feet about entering the war Chaplin did his bit for his old home country by writing, producing, directing and starring in this masterly anti-Nazi film. Playing bother dictator Adenoid Hynkel and a lowly Jewish barber horrified by what's happening to his homeland, Chaplin perfectly grafted physical comedy with political rage, making a film of enduring importance.

Re-released in a pristine new version (HD on Blu-Ray, too), this is classic stuff.

A LYNNE SHELTON FILM

'Bromance' comedies aren't usually the sort of films you'd expect to be picking up prizes at film festivals, are they? Still, that's exactly what this one did when it got an airing at the Sundance this year – picking up the Special Jury Prize, so we thought we'd give it a go…

The film stars Mark Duplass (Ben) and Joshua Leonard (Andrew) as a couple of old pals who hook up again after 10 years and quickly resume their old fratty relationship. A drunken bet follows, in which the pair dare each other to appear in a porno until, utterly drunk, they decide that the ultimate dare would be to make a gay porn flick – together. Aside from the sex, there's also the issue of Ben's wife.

An unlikely set-up, but thanks to the leading pair, and some able direction from Lynn Shelton, what results is a very likeable comedy indeed - with plenty of laugh out loud moments.

RAZORPIT

Back in the days of our forefathers a razor was more or less for life (especially if you happened to slice your throat open while using it) but in today's throwaway society blades and entire plastic razors come and go on a weekly basis. But why? We use a blade 4 or five times, then chuck it and it turns out it's not because the blades have gone blunt (it takes much longer than that) but because they're not being cleaned properly. That, at least, was the conclusion of Danish inventor Morten Kjeldsen, which gave him the idea for the Razorpit (www.razorpit.com).

It's basically a little black rubber strop, designed to clean disposable razor blades after each use, and therefore prolong their life by something like a factor of 30. That should save shavers a fair bit of lolly over the years, easily offsetting the £20 to buy one – and it's probably good for the environment as well!

All you have to do is smear a bit of your shaving foam on it and shove your razor along its surface two or three times before rinsing thoroughly. It's suitable for practically every make of disposable razor blade, too, so you won't have to worry about compatibility.

Kelly

Age: 26 **Vital Stats:** 34D-25-35

Photos: Holly Randall/Exposurezone

Canadian-born Kelly might have been born be a patriotic subject of Her Majesty, but that didn't stop her heading south of the border to make it big in America. But doesn't she miss some of the comforts of home?

"Are you kidding?" she gasped when we asked her. "OK, so I miss my folks and some old friends, but if you want to get into modelling, America's really the place to be!"

But don't you get any gyp for being a Canadian when you're in The States?

"Sure, sometimes – they always say we talk funny!"

With a body like that, you can talk as funny as you like as far as we're concerned!

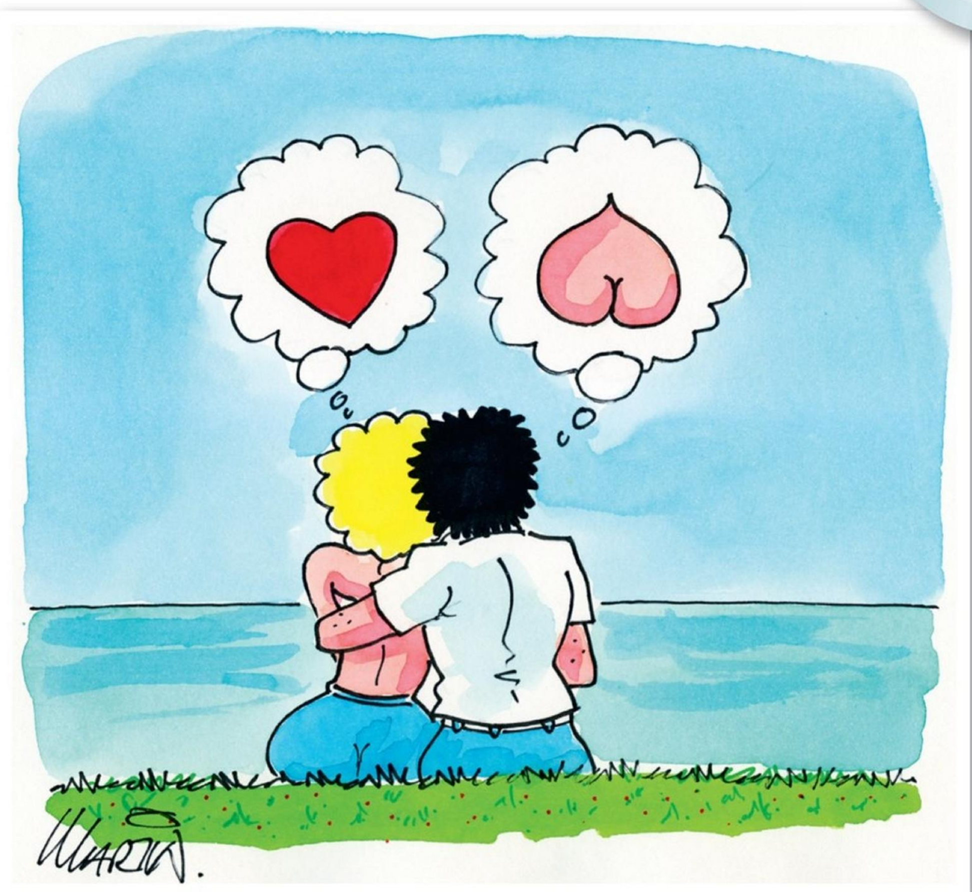
Gentlemen, That Reminds Me

Got a rib-tickler worth relating? Well don't just waste it on your friends, send it to us, at: mayfair@paulraymond.com or post them to: Mayfair, 3rd Floor, 207 Old Street, London, EC1V 9NR.



What do Cheryl Cole and the Iceland volcano have in common? They both chucked out ash.

Three girls are on the run from the cops – a redhead, a brunette and a blonde. During the subsequent high-speed chase the redhead spots a potato farm and suggests that the girls should hide there.

Once at the farm, the three girls each climb into a potato sack. The cops are hot on their tails and in no time are checking the place out. There's no trace of the girls, and the sheriff starts kicking the potato sacks to see if maybe they're hiding in those.

The sheriff boots the bag with the redhead in it and she yelps "Woof! Woof!", so they think it's a dog. He kicks another sack, the one with the brunette in it, and she says, "Meow! Meow!", so they think it's a cat.

Finally, just as the sheriff is about to give up he kicks the bag with the blonde inside and hears, "POTATO!"

Two ducks are on their honeymoon in a posh hotel, and just as they are about to consummate the marriage, the man duck says, "Oh no, I don't have any johnnies!" and promptly calls room service.

"I'm sorry, do you have any condoms down there?" he asks.

"Yes sir," comes the reply.

"Good" says the duck. "Can you send some to our room?"

"Certainly sir," replies the clerk. "Would you like me to put them on your bill?"

"Don't be silly," says the duck. "I'd bloody suffocate!!"

A guy walks into a pub and there's a horse serving drinks.

The horse asks, "What are you staring at? Haven't you ever seen a horse working behind a bar before?"

The guy replies, "It's not that. I just never thought the giraffe would sell the place."

WHY WOULDN'T THE LIFEGUARD LET THE TWO ELEPHANTS GO SWIMMING? THEY ONLY HAD ONE PAIR OF TRUNKS BETWEEN THEM.

A group of Psychiatry students are in their Emotional Extremes class.

"Let's set some parameters," the professor says. "What's the opposite of joy?" he asks one student.

"Sadness," the student replies.

"The opposite of depression?" he asks another student.

"Elation," comes the reply.

"The opposite of woe?" the prof asks a young woman from Texas.

The Texan replies, "Sir, I believe that would be giddyup."

Two lawyers are leaving the office. "I can't wait to get home," says one of them. "As soon as I walk in the door, I'm going to rip my wife's panties right off."

"I know the feeling," the other says.

"No, I'm serious," says the first. "They're killing me."

A man is invited to a friend's home for dinner, and he notices that his buddy precedes every request to his wife with endearing terms, calling her honey, darling, sweetheart, pumpkin, etc. He's really impressed with this, since the couple have been married for over 50 years.

While the wife is in the kitchen, he says, "I think it's wonderful that after all that time you still call your wife those pet names."

His buddy shrugs, lowers his voice and says, "To tell you the truth, I forgot her name about 10 years ago."

A man is in a hotel lobby. He wants to ask the clerk a question, but as he turns to go to the front desk, he accidentally bumps into a woman beside him. As he does, his elbow presses into her boob.

They are both quite startled, and the man turns to her and says, "Ma'am, if your heart is as soft as your breast, I know you'll forgive me."

She replies, "If your penis is as hard as your elbow, I'm in room 121."

A young man walks into a pub and sits down at the bar.

"What can I get you?" the bartender inquires.

"I want six shots of whisky," responds the young man.

"Six shots?! Are you celebrating something?"

"Well, I just had my first blow-job."

"In that case, let me give you a seventh on the house."

"No offence," says the young bloke. "But if six shots won't get rid of the fucking taste, nothing will."

Flicks from Vivid, Adam & Eve, Wicked and Digital Playground this month. That's scruff from the top drawer, that is!

Nikki's House

Vivid

Cast: Nikki Jayne, Andy San Dimas, Anthony Rosano, Bobbi Starr, Danny Mountain, Evan Stone, James Deen, Kristina Rose, Mick Blue, Mr Marcus.

I chose *Nikki's House* this month, well, because it sounded a bit like *Hector's House*. With prostitutes.

Sadly *Nikki's House* has no puppets in it; not unless you wish to be snide about Nikki Jayne's acting. But for all that, it's good solid erotic entertainment.

Nikki plays an ordinary hard-up girl-next-door porn star who cadges a house-sitting job from Kristina: a brunette in black lingerie. It's an easy gig. The one thing she mustn't do is break Kristina's minger vase. Naturally, while fingering herself in a frenzy, poor Nikki kicks it over. So she rents out the house to raise the $8,000 repair dosh.

Highlights of a fab six-scene fuckfest include Kristina being banged so ferociously hard in doggie by Anthony Rosano that I'm surprised her eyeballs didn't pop out and roll under the coffee-table, and the grappling match which ensues between Nikki's lips and Mick Blue's knob when Mick turns up to film a porno, and ends in a facial so messy it's worse than a teenager's bedroom.

Throw in Bobbi Starr and strangely named Andy, and you get a very fine flick. ★★★★☆

Young Girls Next Door 2

Adam & Eve

Cast: Alec Knight, Ally Ann, Anthony Rosano, Dane Cross, Gracie Glam, Madison Ivy, Mr. Pete, Nicole Ray, Sindee Jennings, Talon.

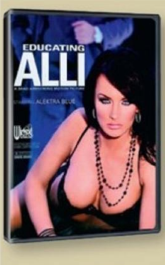
Whether these "young girls" referenced in the title reside "next door" to *Nikki's House*, reviewed left, or to someone else's gaff is never made clear – though this mystery need not detract from one's enjoyment of a very entertaining disc, starring some of the prettiest jailbait to hit the dusty streets of Porn Valley in the past couple of months.

Gracie Glam features in a short flick called *Grounded*, in which the 18-year old is confined to her bedroom for misbehaving. But it's not much of a punishment, since she still manages to have Mr Pete sneak in and fuck her while mum and dad watch TV and say stern things such as "Boy, is that lil' lady ever grounded". Upstairs, Pete hammers our heroine in cowgirl, spoon, reverse cowgirl, cowgirl in neutral and sheriff's deputy in park, before wanking off on her arse with a big grin for the camcorder.

Elsewhere, poor young Nicole Ray is upset after her team lost a softball game. And so, when coach Dane Cook suggests she cheer herself up by sucking his cock, she obediently drops to her knees. He takes her to a secluded spot and cycles through every position in the Kama Sutra with her before junking on her tum. There's plenty more, all good! ★★★★☆

Educating Alli

Wicked



Cast: Alektra Blue, Charisma Cappelli, Mikayla Mendez, Pat Myne, Tanya James, Tyler Faith.

Educating Alli is reworking of Shaw's *Pygmalion*. It's a tale that has been done to death: witness the Rex Harrison vehicle *My Fair Lady*, Michael Cane and Julie Walters' *Educating Rita* and Richard Gere and Julia Roberts' bumhole of a chick-flick *Pretty Woman*. And yet, oddly enough, this may be the best remake of the story since dear old Rex taught cockney char Audrey Hepburn to "tawrk proppa".

Down on her luck, Alli meets a wealthy stranger named Randy. Alli is, of course, Y-front-tentingly temptress Alektra Blue, and Randy Spears does a great job portraying her sexually knowledgeable yet mysterious mentor – the lordly "Randy".

Alli becomes a lesbian for a day after the gorgeous Tanya James helps her into some sexy lingerie and starts eating her out. Then the Sapphic snorkelling begins, and before long the beautiful, formerly man-hungry Ally is helping her lover shove strings of pearls up her arse.

After a while, and with Randy continuing to observe and instruct, pretty much every bloke in the American porn industry jumps on Alektra, who endures so many three-ways, gang-bangs and circle-jerks that it makes your cockhead spin. Well done, Wicked. ★★★★☆

Fly Girls Digital Playground

Cast: Alanah Rae, Diamond Foxx, Janie Summers, Jayden Cole, Jenna Haze, Jesse Jane, Katsuni, Lisa Ann, Nikki Benz, Raven Alexis, Riley Steele, Sasha Grey, Yurizan Beltran.

A huge budget release from the people who brought us such deathless Para Handshandy classics as *Pirates* and *Pirates II*, *Fly Girls* boasts a helmet-watering six scenes of carnal carnage.

Plotwise, the feature is surprisingly amusing, with 'director' Manuel Ferrara and his assistant Sasha Grey attempting to secretly film some hardcore on a real flight. Their scheme crashes and burns, however, when the two are arrested in the airport by chief of security Ben English and security guard Raven Alexis. Thanks to this development, the plane's three real stewardesses are mistakenly detained as part of Manuel's porn flick cast, while Manuel's cast of pretend stewardesses and stewards - Jesse Jane, Riley Steele, Jenna Haze, Katsuni, and Evan Stone - board the plane in character, believing the film is being made according to plan.

Evan Stone and Janie Summers enjoy some serious oral in the cockpit, while pretend-stewardess Katsuni leads dopey passengers Erik Everhard and Mick Blue to the back of the plane and astonishes them by initiating a threeway in the tail-section. So to speak.

Another fake stewardess, played by Jenna Haze, awakens passenger Scott Nails with a blow-job to get the mile-high party underway. Scott is not called Nails for nothing. He rakes her arse with them, then pumps, shunts and grunts.

Soon we're on to Disc Two and the greatest orgy American airspace has ever witnessed… while back on *terra firma* detained director Manuel and his assistant are wrestling in the noddy with the formerly strict female security guard.

Top of the world, Ma! ★★★★★

Movie of the Month

Samantha Fox

Top Model turned TV Star

MAYFAIR Classic

A girl who needs no introduction to readers in the UK – Samantha Fox was probably the biggest Page 3 girl of the 1980s – and aside from giving us another chance to ogle Sam's wonderful curves, this set also tells us something interesting about *Mayfair*'s past… In the last year or so debate had raged about Lads' Mag girls not really getting their mivvis out in the mag, and here we see the same thing happening way back in 1985! Plus ça change, eh? Still, next month Linda Lusardi does bare all!

Without a doubt, the girl that everyone has been talking about this year is Samantha Fox. Nineteen-year-old Samantha's 36DD-23-33 figure made her a natural for *Page Three*, and is now turning her into a television star (see her pictured top left with Noel Edmonds and Leslie Crowther on BBC's *The Time of Your Life*). But *Mayfair* readers know her best for the regular appearances in the magazine. Sam models our range of lingerie – a role that has brought in fan mail for her from as far away as Canada and Australia. So to celebrate what has been a great year for the curvy cockney, we felt we had to feature her in the *Best of Mayfair*. And dressed in the way you have told us that she looks her best – wearing lovely lacy, skimpy undies.

Samantha's career has been eagerly followed by British men. She started topless modelling for *The Sun* when she was just 16-years-old. Immediately her full-breasted figure made a big impression, and she soon became their most popular model. This year, she proved it by winning *The Sun's* Page Three Girl of the Year contest by a large margin, beating other top models like Linda Lusardi. Soon after that she became so synonymous with *The Sun* that she appeared in their TV advertisements and bingo promotions.

The MAYFAIR Intelligencer

’Tis a strange world we live in, to be sure, although to be honest it’s probably not as strange as these factlets might suggest…

WHAT IF…

Dracula author Bram Stoker had not stolen Oscar Wilde’s fiancée, the gorgeous Florence Balcombe, from under the legendary Irish dramatist’s very nose? Many researchers believe that if Stoker, a fellow Irishman and frequent guest at Wilde’s mother’s house in Dublin, had not wooed Florence secretly, run off with her and married her, the broken-hearted Oscar – at university always “a man’s man” in the straight sense and a great lad for the whores – would not have become disenchanted with the fickle nature of Woman and turned into the19th Century’s most famous homosexual.

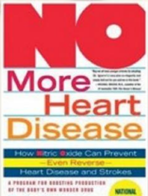
Further, had his sexual preferences not undergone such a dramatic transformation, he would never have got entangled with “Bosie” (aka Lord Alfred Douglas) and fallen foul of Bosie’s mentally-unstable and vindictive father, the Marquis of Queensbury.

If not for Stoker’s sneaky courtship of Wilde’s bride-to-be, after which Oscar left Ireland forever, Queensbury may never have had occasion to leave a card at the door to a London theatre reading “To Oscar Wilde, Sodomite” and Wilde would not have sued for defamation of character.

Consequently,when Queensbury’s barristers started calling rent boys to the stand who said “Nice to see you again, Mr Wilde - wot’s it to be after the proceedings? The usual?” Oscar would not have been exposed as a lier and banged up in Redding Gaol for two years of hard labour. Nor would he have fled to Paris immediately upon his release, where he romantically took the name “Melmoth the Wanderer”, shacked up in a crap hotel, and perished in penury aged just 47.

“I die as I have lived – beyond my means,” he is said to have quipped with a sigh as he snuffed it.

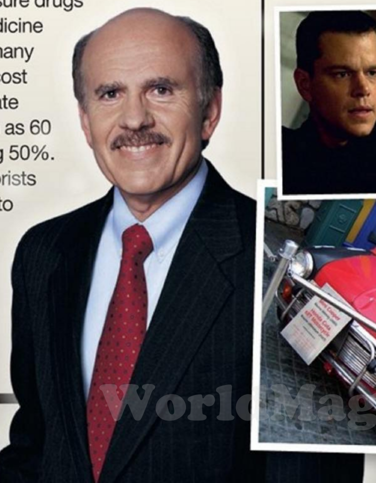
CONSPIRACY CORNER



NO
More Heart Disease
How Nitric Oxide Can Prevent
—Even Reverse—
Heart Disease and Strokes
NATIONAL BESTSELLER
Dr. Louis J. Ignarro
Nobel Laureate in Medicine

Many conspiracy theorists believe that most, if not all, of the primary causes of death in humans can now be prevented and cured… but that this fact is being kept secret by the huge pharmaceutical companies who make hundreds of billions from disease each year.

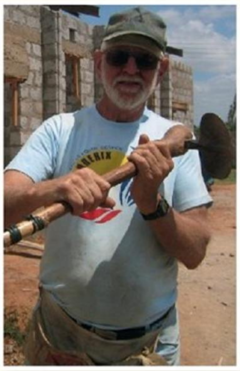
A case often cited is that of Nobel Prize winner Dr Louis Ignarro, who claims that his Nobel Prize-winning molecular biology breakthrough which cleans arteries and could make bypass surgery, angioplasty and blood pressure drugs obsolete, has been killed by Big Medicine interests. This despite the fact that many doctors maintain that Ignarro’s low-cost methodology can expand narrow blood vessels, eliminate dangerous clots, lower high blood pressure by as much as 60 points, and reduce artery-clogging plaque by a stunning 50%.



Among the many major diseases that conspiracy theorists believe are now treatable, if the public only had access to the cures, are numerous types of cancer, Parkinson’s disease, Alzheimer’s, Stroke and Heart Attack. Some even claim that access to these secret cures is only available to a very small cadre of leaders and billionaires – which is why so many wealthy and powerful folk are still alive and well, damn them!

ETIQUETTE FOR THE BEWILDERED

Struggling to get to grips with life in the 21st Century? Fear not – we’ve got all the answers in our A-Z of etiquette dilemmas. **H is for Ho…**



Once upon a time you would have found one of these standing against the fence in your garden; nowadays they lean at street corners. In your grandfather’s time, a ho (spelled then with a silent “e” – since dropped) was a garden tool consisting of a wooden shaft similar to that on a sweeping brush, with a sharp, half-moon-shaped metal cutting head for edging lawns.

But in this crazy modern mixed-up world of ours your grandfather wouldn’t recognise a modern ho – unless you have a very naughty grandpa. Because these days the name has been poached by prostitutes – indeed, any female who feeds an addiction for drugs or money by bartering her sexual favours. Hence such expressions as “She a ho,” “coke ho” and every pimp’s favourite: “Hey man, hands off. That’s ma ho!”

HOLLYWOOD FOLLIES

Goofs, accidents and cock-ups are as much a part of the half-assed world of Hollywood as poor storylines and bad acting, with the most awful oversights in logic and continuity gliding past inattentive film editors and arrogant directors onto the big silver screen.

THE BOURNE IDENTITY

When Jason Bourne disembarks from the fishing boat which rescued him when a sailor spotted him floating in the sea, Matt Damon is given a small wedge of banknotes by the Captain, who says “I know it isn’t much…” But before he gets any more dosh, we see him living high on the hog, splashing out for first class on the TGV train to Vienna.

Further, when Bourne first steps down off the fishing boat and walks into the town, a blue three-wheeled van passes between Bourne and the camera, and he mysteriously disappears. Unless, that is, you’ve a quick eye for detail. Look more closely and you’ll see Matt Damon crouching down trying to hide from the lens.

When Bourne is helping his new girlfriend Marie’s hair so she won’t be recognised, the tattoo on her shoulder moves from one side of her body to the other and back again. Innumerable times.

During the Paris car chase sequence in which Bourne drives the old Mini Cooper, the logo on the steering wheel magically transforms from “MINI” to “COOPER” instead. Obviously a Bond-style extra.

Bizarrely, when Bourne is in the bank and we have watched him place his hand on the scanner to confirm his identity, lifting his palm so that we can see each fingerprint being read, a bank worker leads him away… yet the next shot shows us Bourne’s hand still at the scanner.

And in the course of the final fight sequence, when Bourne is skulking through a building in the middle of the night, the baddie who is in the same building strides past daylight shining in through the windows. What’s with that?

Coming Next Month

Another newbie Brit babe to introduce to *Mayfair* readers next month, in the shape of the gorgeous Krystal Webb! She's squeezed herself into a silky basque for your delectation, and we can tell you, once she bursts out of it you won't be disappointed! Also lined up is legendary Northern hornbag Michelle B, and welcome returns for Joa… oh, and Yurizan Beltran!
